

Students guide to TEAMS

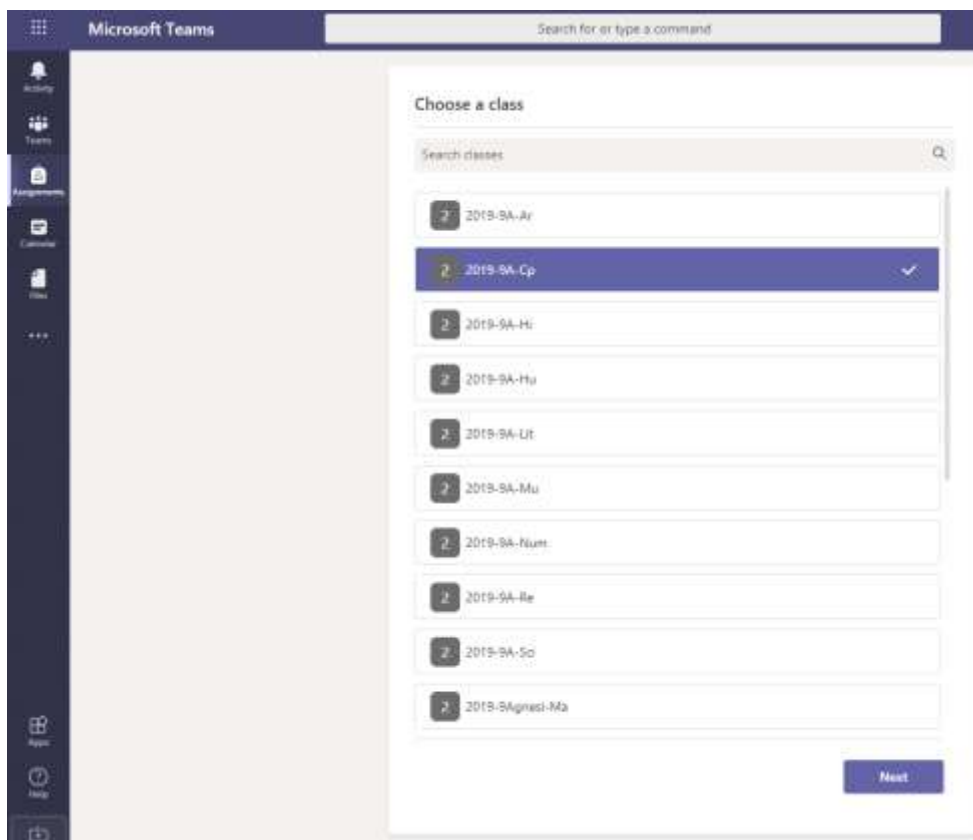

If you are using a mobile device the layout may differ, but the options will be named the same. You may be required to download an app version in order to access TEAMS on your mobile. This is available in your mobiles app store.

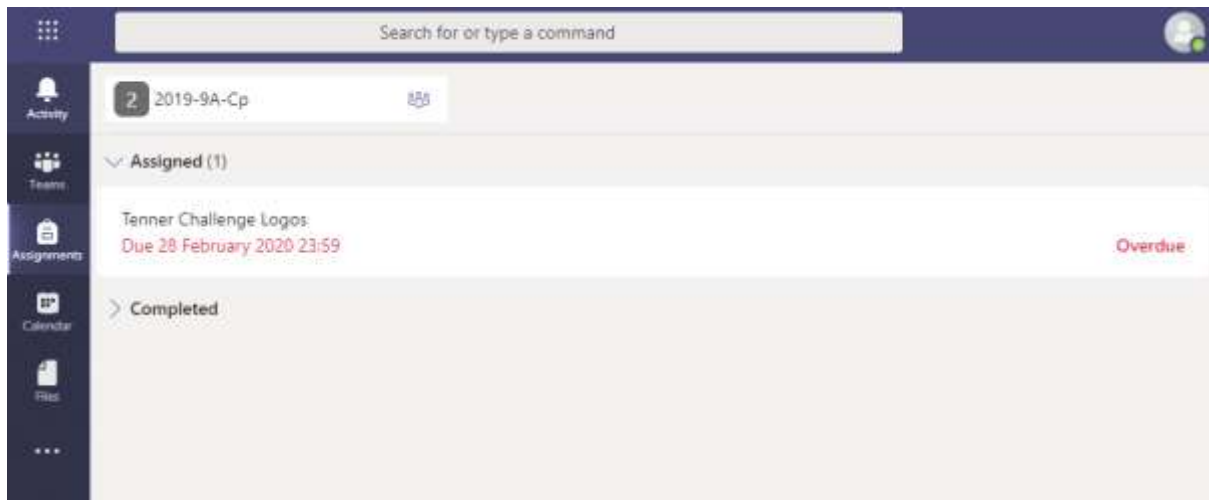

- Go to www.moorpark.mp and click student office365 at the top of the page
- Log in with your School Office 365 credentials.
- From the app selection, choose Teams

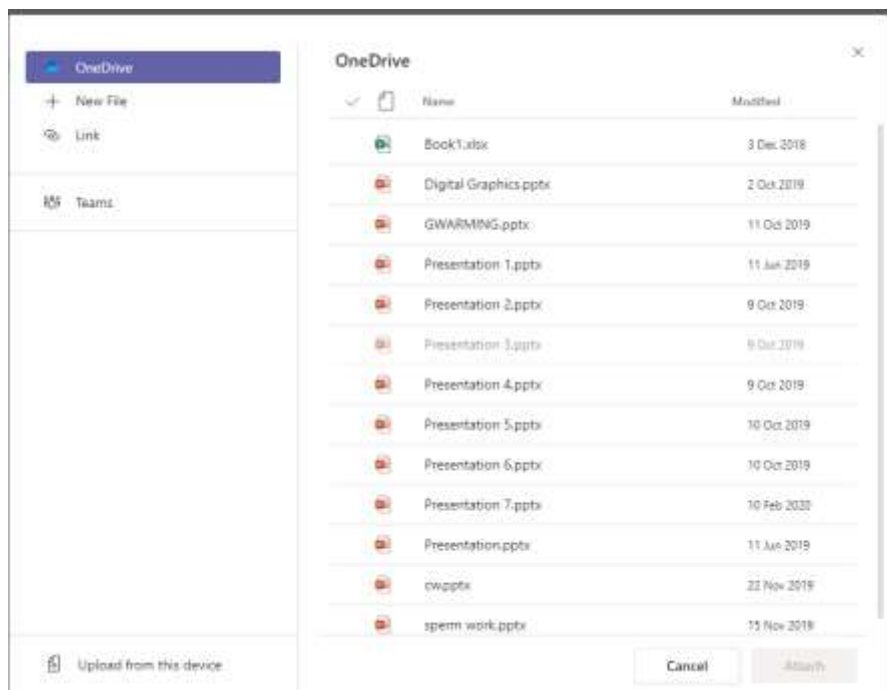

When you have logged in, you will see the default view of your classes

Click the Assignments button on the left-hand side and choose a class and click next

The assignments for the class show, click on the assignment for more details.

Click add work to attach a file and select hand in work.
