

Communicating with Parents through Insight

In order to improve the efficiency in which school communicates with parents, we use Insight, a software solution which allows you to access information about your child(ren) such as attendance, behaviour, progress reports, and the personal details we hold on the system. It will also enable the school to communicate with you directly and in a more environmentally friendly way.

Progress reports are generated once per term and will only be available via Insight unless paper copies have been specifically requested by a parent. Year 7 – 10 reports will be sent out at the end of this term, year 11 will be at the beginning of the new year once mock exams have been marked. Homework is also uploaded by staff to Insight in addition to being given out in class or set on Microsoft TEAMS. This can be viewed by parents and students once logged in.

All students also have their own login to Insight using their usual school username and password.

In order to access Insight, you will have been emailed a username using the email address currently held on the school database. It is important that the email address used is only accessible to parents/carers, as it will contain information about your child(ren). If you have not recently provided the school with an up to date email address or wish to change the email the school holds for you, please email admin@moorpark.mp, with your name, child's name and updated email address.

If you have more than one child in school you will only require the one username, as any other siblings will be automatically linked. If both parents/carers wish to have access to a child's information separately, both parents will need to provide separate email addresses.

You will have received an email from insight@moorpark.mp, if you have not received this email and think you should, please let the school know.

There is an app available on Android and Apple that can be activated by scanning the QR code on the insight webpage or by entering <https://insight.moorpark.mp> when prompted.

Yours sincerely

Mr B. Corbett
Headteacher
