

# INSIGHT

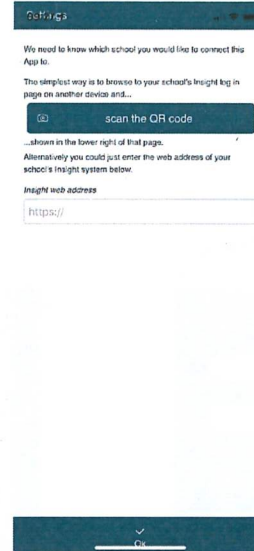

Download the app from your phone's app store.

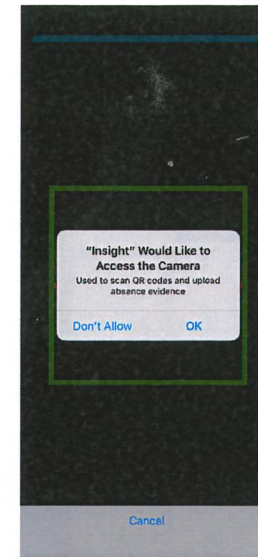

Find the newly downloaded app and open it.

Allow notifications, if prompted, this will allow you to receive messages.

Press the button to scan the QR code.

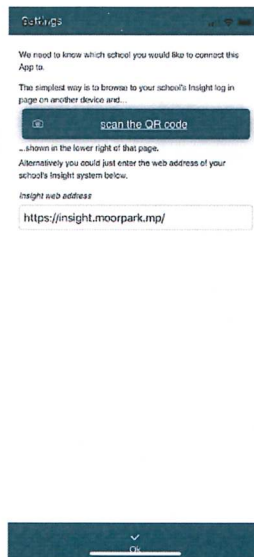

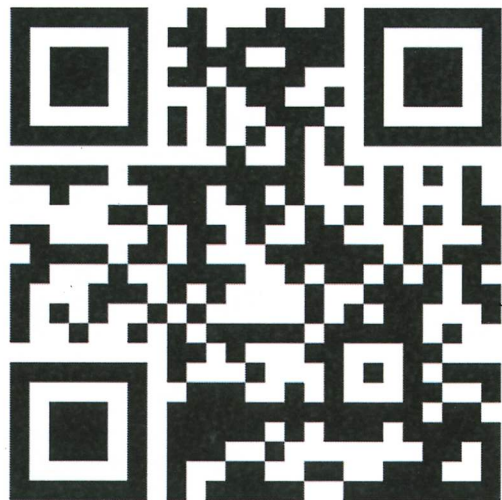

Allow the camera if asked.

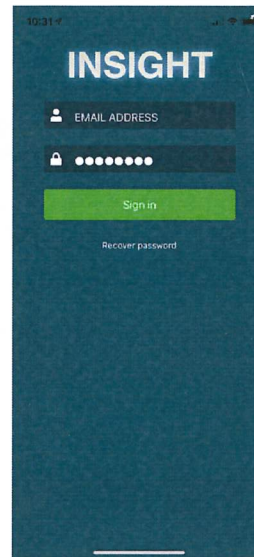

Aim the camera at the QR code at the bottom left of this page.

QR Code

This will fill in the box and press ok.

Enter your login details, if you are missing these please contact school.

You now have insight on the app, this makes it easier to access your child's information from your mobile.
